BRILLANT (E) -

published in conjunction with the exhibition on the occasion of the 90th birthday of anton fruehauf, who was one of the pioneers in contemporary jewelry in italy. he helped eliminating the separation between art and jewelry. this book shows the work of jewelry artists and visual artists whose work documents that understanding. 268 pages. in german, italian. full color. \$ 40.00

BRILLEN KULTOBJECT- SPECTACLES UTILITY ARTICLE AND CULT OBJECT-

an absolute must for all lovers of spectacles. it has taken 700 years before an industry developed from the hand-cut reading lens; an industry whose unrestrained creativity relieved spectacles from their "stigma of a crutch" - the unmistakable sign of a weak sight- and raised them to the heights of the glamorous world of fashion. 160 pages, color, in english and german. \$ 75.00

BROOCHING IT DIPLOMATICALLY –

a tribute to madeleine albright, the first woman to be secretary of state in america. brooches made by international artists. in english. full color. 175 pages. \$ 35.00

BRUNO MARTINAZZI – L'ORO E LA PIETRA –

the occasion for this new publication was a lecture given by the artist in munich 2005, which impressively demonstrated his profound knowledge of art in context with humanist, philosophical, historic and religious values. there is also an essay which introduces the artist's work as an aesthetic whole. 112 pages. 50 illustrations in color. \$ 50.00

BRUNO MARTINAZZI - SYMBOLIC JEWELRY -

bruno martinazzi has been a formative influence on italian jewelry since the sixties. beyond their decorative character, his jewelry pieces, fashioned primarily of gold, are significant as objects of consciousness and of communication: hands, fingers, lips and other anatomical parts disassociated from the human context. 200 pages. 120 color illustrations. in english. \$ 75.00

BUBBLE LAND – 10 CONT. JEWELRY ARTISTS FROM TAIWAN-

bubble land is an imaginary space reflecting our state of mind, delivering treasures integrated with our history, present and fantasy on the island we live on. 48 pages. all color. in english. \$ 30.00

CAROLINE BROADHEAD –

broadhead is a highly versatile artist who began designing jewelry in the late 1970's. since then she has extended her practice from 'wearable objects' and textile works to dance collaborations and installations in historic buildings. this book presents a comprehensive overview of her work. confronting the boundaries of the individual, the interface of inside and outside, public and private, territory and personal space, presence and absence and substance and image. broadhead explores the outer extents of the body as seen through light, shadows, reflection and movement. 128 pages. in color and b/w. \$ 45.00

CAROLINE BROADHEAD-

brochure of this famous english jeweler's work. in color. in english. \$ 20.00

CAROLINE BROADHEAD – CHIAROSCURO -

her work has increasingly concerned itself with memory in the widest sense. significant areas of investigation have included the body, both present and absent, the act of looking, inner/outer. since the 1990s the work is better categorized as installation and sculpture, some pieces only existed for the duration of an exhibition, and thereafter only via documentation or in memory of the viewers. 24 pages. \$ 30.00

CAROLINE BROADHEAD - JEWELRY IN STUDIO -

caroline broadhead's artefacts are a series of radical, reductive and sensuous proposals about jewelry as ornament. her objects raise questions about human nature's self - portrayal; her jewels and garments are clothing for the imagination. in english. 64 pages. 51 illustrations. \$ 20.00

CARTIER –1900-1939

this 1994 book covers the history of the art of jewelry in the 19th and 20th century with the help of the famous house of cartier the most prestigious symbol of the " haute joaillerie ". in french. 312 pages. color and black/white illustrations. \$ 75.00

METALWORKING THROUGH HISTORY – AN ENCYCLOPEDIA -

This book provides a comprehensive, historic overview of the subject of metalworking while exploring it within its cultural context. It is written from the perspective that the crafting of objects in metal is a unique way of understanding a particular time and culture. As a broad encyclopedia of metalworking, it allows the reader to view the different societies and periods that produced work in this medium as part of a global, interrelated practice. Comprised of over sixty entries on relevant time periods, cultures, makers and processes, the book is a much-needed general reference text in the survey of this craft. The subjects span all the major metalworking periods and peoples, from the rituals of African iron smelting to the twentieth century studio movement. Outstanding individual makers are highlighted to give additional insight into the times at which they were active. Furthermore, the materials and techniques used in the act of metalworking are clearly explained in terms that are easily understood by a practitioner with tacit knowledge of the medium. Suggested further readings and cross-references allow for the expansion of research and additional study. It is an excellent first resource for understanding the concepts and terminology of the ancient and pervasive craft of metalworking. Volume includes eight pages of color plates, and black and white photos throughout. 177 pages. \$ 55.00

METTE SAABYE – LOST IN TIME -

SILVER TRIENNIAL (20TH) INTERNATIONAL -

Since 1965, the association for goldsmiths' art and the german goldsmiths' house hanau have been organizing the silver triennial international to promote contemporary silversmithing. the 20th competition demonstrates the variety of works at a high level: 121 silversmiths from 21 countries submitted hollow- and flatware or free-formed works. the focus is not only on technical and artistic aspects; a large number of the

entries also have a socio-critical and contemporary historical background.

an expert jury was again assembled this year: dirk allgaier, head of arnoldsche art publishers, stuttgart; dr. claudia banz, curator for design at the kunstgewerbemuseum berlin; and jakyung shin, silversmith and assistant professor at seoul national university, korea, selected 67 impressive silver works. 128 pages. full color. 100 illustrations. \$ 50.00

SIMPLY DROOG –

10 + 1 years of creating innovation and discussion by this famous dutch design company “droog”. in english. full color. 271 pages. \$ 52.00

SINGULAR MULTIPLES – CONT. JEWELRY BEYOND THE DIGITAL -

beauty, as ethics. simplicity, as complexity not manifested. jewelry is an art that lives on the thought that is its primary source, and on the innumerable t chne and materials that define its appearance. /

the multiple in its relations with art and industry is the starting point for an investigation into the evolution of jewelry design. overcoming an obsolete notion of industrial seriality, contemporary jewelry stands out as a highly innovative field of research, for its ability to understand the object through new aesthetics, meanings and materials, towards an idea of singular multiple.

the research opens a design perspective to a jewel designed for a consumption not only tangible but intellectual, because it expands its meanings to a wider spectrum of themes and goals, such as sustainability, material and technological innovation, political and social issues that concern the contemporaneity. moving away from the domain of rationality, the essay analyzes digital technologies as elements of reflection through which the most humanistic and sensitive component of the project finds space, for the establishment of an intimate relationship with the human being. from digital to post-digital, mixing atoms and bits, even the design of the jewel builds new scenarios, where innovative software, 3D scanners, manipulations of materials and transdisciplinary contaminations expand the boundaries of research.

the book ends with the story of a collective design experience that has involved several figures of contemporary jewelry in italy, through the organization of co-projects and workshops, aimed at the dissemination of a design culture aware of new technologies and digital processes under way.

121 pages. english/italian. \$ 40.00

SITE EFFECTS -

it documents an exhibition of 12 jewelers from the us and 12 from europe. every artist was assigned with one of the concepts submitted from the other side of the atlantic, from which they also made a piece. 120 pages. with biographies and statements. \$ 24.00
